## Letter of Intent

Dear Sirs,

We would like to take this opportunity to briefly introduce our company to you with the desire to establish future business cooperation.

RILON LTD is a private owned company based in Belgrade which is engaged in the production and sale of PP synthetic fibers BCF filament, CF fiber/yarn and staple fibers, of different finishes (dtex) and wide color palettes with or without UV stabilizer, depending on the need and requires of the customers. The complete production is located in the factory RILON, in town Odzaci, only 150 km from Belgrade and 25 km from the EU border.

The factory was founded in 1907 as a hemp fiber and rope factory, and in time it has grown into a modern factory for the production of PP synthetic fibers. Today we are the only producers of staple fibers in Serbia. The production programs and machines are managed by well-trained workers with many years of experience and knowledge of the complete production technology of PP fibers, which guarantees exceptional quality of the final product production. High quality raw materials are used in the production - granules: TATREN HG 10 07 and TIPPLEN H 145 F and preparation oils: LERTISAN NF1471 and NOVAFIL AR16.

The RILON factory is certified according to the standards: ISO 9001: 2015, ISO 14001: 2015 and OHSAS 18001: 2007 by the Swiss certification company SGS.

Product quality as well as security in delivery are confirmed with signed long-term delivery contracts. Our biggest customers are: TARKETT company with the widest range of solutions in terms of floor coverings for interior and exterior and sports floors in the world; DIV TRADES and BLOCKX are the largest manufacturers of big bags and PP bags in our region.

We believe that our products can contribute to the better positioning of your products on various markets, primarily due to quality, and also because of the fact that Serbian origin products allows you many reliefs when exporting to various countries with which we have interstate agreements (European Union, Custom Union (Russian federation, Belarus and Kazakhstan), Turkey etc.)

If you have any questions regarding this matter please do not hesitate to contact us. We invite you to visit our web site [www.rilon.co.rs](http://www.rilon.co.rs)

Thank you very much and we hope to receive your favorable response soon.

Kindly,

Nevena Danilovic  
Director  
RILON LTD
