

Hello,

Please review and consider the technological possibilities for manufacturing of the parts according to the drawings that we send in the attachment and provide your quotation in currency EUR. Please process the offer for price breaks 1pcs, 10pcs and 20pcs and in two versions with the price of the material and without the material. Production is without any surface treatment. Please also include best delivery date for the individual parts. Please calculate with delivery condition EXW + separately specify transportation costs to address:

I'll be glad to see also a general list of your company's technological opportunities and capabilities.  
Thank you and we are looking forward to any further cooperation.

**Ing. Július Veverka**
